Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the Clerk's Office of the Listrict Court for the Eastern District of Pennsylvania. REAT CURE FOR DYSPEPSIA! -- ANOTHER SCIEN-DR. J. S. HOUGHTON'S

THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE, DREPARED from Rennet, or the Fourth Stomach of the Ox, after the directions of Baron Liebig, the great Phy-ological Chemist, by J. S. Houghton, M. D., Philadelphia,

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Consumption and Debility, curing after Nature's own method, by Nature's own Agent, Half a tea-spoonful of Pepsin, infused in water, will digest or dissolve five pounds of roast beef in about two hours, out

of the stomach Pepsin is the chief element or digesting principle of the Gastric Juice—the solvent of the food, the purifying, preserving and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the Ox, thus forming an artificial digestive fluid precisely like the natural Gastric Juice in its chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of Indigestion and Dyspepsia are removed just as they would be by a healthy stomach. It is doing wonders for dyspeptics, during cases of Debility, Ema-ciation, Nervous Decline and Dyspeptic Consumption, supposed to be on the verge of the grave. The scientific evi-dence upon which it is based is in the highest degree curious

Scientific Evidence.-Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be prepared from the mucous membrane of the stomach of the Ox, in which various articles of food, as meat and eggs, will be softened changed and digested, just in the same manner as they would

be in the numan stomach. Dr. Preira, in his famous treatise on "Food and Diet," oublished by Fowler & Wells, New York, page 25, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Priera. Dr. Combe, in his valuable writings on the "Physiology

of Digestion," observes that "a diminution of the due quantity of the Gastrie Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding every thing else to fail, hip sqo course to the Gastric Juice, obtained from the stoma-as pu living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in Physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effeeting a kind of artificial digestion of them in no wise different from the natural digestive process."

Dr. Simon's great work, the "Chemistry of Man," (Lee & Blanchard, Philadelphia, 1846, pp. 321-2,) says: "The discovery of Pepsin forms a new era in the chemical history of digestion. From recent experiments we know that food is

dissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice obtained from the living human stomach, and from animals, are well known. "In all cases," he says, "digestion occurred as perfeetly in the artificial as in the natural digestion." Dr. John W. Draper, Professor of Chemistry in the Colore of the University of New York in his "Text Book of

Chemistry," page 386, says: "It has been a question whether artificial digestion could be performed - but it is now universally admitted that it may be, Dr. Carpenter's standard work on Physiology, which is in the library of every physician, and is used as a text-book in all the colleges, is full of evidence similar to the above, respecting the remarkable digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in artificial digestion, or

as a remedy for diseases of the stomach, and deficient sceretion of the Gastric Juice. All modern works on Chemistry, Materia Medica and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting stails respecting it. The fact that an Artificial Digestive Fluid, or Gastric Juice,

erfectly resembling the natural fluid, may be readily preared, does not admit of question. The only wonder is, that t has not before been applied to the cure of Indigestion and Dyspepsia-so naturally does such a use suggest itself to the As a Dyspepsia Curer, Dr. Houghton's Pepsin has

produced the most marvellous effects, in cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than two hundred remarkable cures, in Phildelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent. It is a great nervous antidote, and particularly useful for endency to Bilious Disorder, Liver Complaint, Fever and

Ague, or badly treated Fever and Ague, and the evil effects of Quinine and Mercury and other drugs upon the digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles health Old Stomach Complaints. - There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad it may be, it gives instant relief! A single dose removes all the unpleasant symp-

toms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of blood and vigor of body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the Pit of the Stomach, Distress after Eating, Low, Cold State of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, Tendency to Insanity, Suicide, &c. Dr. Houghton's Pepsin is sold by nearly all the dealers in fine drugs and popular medicines throughout the United States. It is prepared in powder and in fluid form, and in prescription vials for the use of physicians.

Private Circulars for the use of physicians, may be obtained of Dr. J. S. Houghton, or his agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a secret remedy, no objection can be raised against its use by physicians in respectable standing and regular practice. Price ONE DOLLAR per Bottle.

It is their literary character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. Blackwood, still under the fatherly care of Christopher North, maintains its ancient celebrity, and is, at this e, unusually attractive, from the serial works of Bulwer and other literary notables, written for that magazine, and arst appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer.) "The Green Hand," "Katie Stewart," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood, after it has been issued by Messrs. MEDICAL.

AFFLICTED READ! DHILADELPHIA MEDICAL HOUSE.—Established 15 years ago by DR. KINKELIN. The oldest, surest and best hand to cure all forms of secret diseases of the skin, and solitary habits of youth, is DR. KINKELIN, N. W. cor-

ner of Third and Union streets, between Spruce and Pine, one and a half squares from the Exchange, Philadelphia. Take Particular Notice.—There is a habit which boys teach each other at the academy or college—a habit inboys teach each other at the academy or college—a habit in-dulged in when by themselves, in solitude, growing up with the boy to manhood, and which, if not abandoned in due time, not only begets serious obstacles to matrimonial hap-piness, but gives rise to a series of protracted, insidious and devastating affections. Few of those who indulge in this permicious practice are aware of the consequences, until they find the nervous system is shattered, feel strange and un-accountable feelings, vague fears in the mind. The individaccountable feelings, vague fears in the mind. The individ-ual becomes feeble, he is unable to labor with accustomed vigor, or to apply his mind to study; his step is tardy and weak, he is dull and irresolute, the countenance is downcast, the eyes without natural lustre, shamefacedness is apparent. These are symptoms which should awhkev the attention of those similarly afflicted.

If the victim be conscious of the cause of his decay, and

having relinquished the odious practice, he suffers under those terrible nocturnal emissions, which weaken and shame him, producing mental and physical prostration. If he emancipate himself before the practice has done its worst, and enter matrimony, his marriage is unfruitful, and his senses tell him that this is caused by his early follies. Too many think they will hug the secret to their own hearts, and cure themselves. Alas' how often is this a fatal delusion, and how many a promising youth, who might have been an ornament to society, has faded from the earth!

Young Men! Let no false modesty defer you from making your case known to one who, from education and respectibility, can alone befriend you. He who places himself under DR. KINKELIN'S freatment, may religiously confide his honor as a gentleman, and in whose bosom will be orever locked the secret of the patient.

From the "Boston Bee." The editor said, Dec. 22d: DR. HOOFLAND'S CELEBRATED GERMAN BITTERS, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Neryous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of liver complaint from the use of this remedy. We are convinced that, in the use of these bitters, the patient constantly gains strength and vigor-a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the af-

"Scott's Weekly," one of the best literary papers pub ished, said, Aug. 25th: "Dr. Hoofland's German Bitters manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of Female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these bitters advantageous to their health, as we know from experience the salutary effect they have on weak

More Evidence. The Hon. C. D. Hineline, Mayor of the city of Camden, N. J., says: "Hoopland's German Bitters.-We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say that we found it specific in its action upon diseases of the liver and digestive organs, and the influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, making sleep refreshing. "If this medicine was more generally used, we are satis-

fied there would be less sickness, as from this stomach, liver

and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extrardinary medicine we would advise our friends who are at all indisposed, to give a trial: it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit." Evidence upon evidence has been received (like the foregoing,) from all sections of the Union, the last three years, and the stongest testimony in its favor, is, that there is more of it used in the practice of the regular physicians of Phila delphia, than all other nostrums combined-a fact that can

easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presedent even in this form. That this medicine will cure liver complaint and dyspepi sia, no one can doubt after using it as directed. It nots sp cifically upon the stomach and liver, it is preferable to calomel in all bilious diseases; the effect is immediate. They can be administered to female or infant with safety and reliable

DR. ARNOLD'S UNION PILLS. Green Hill, Tenn., January 19, 1852. DR. ARNOLD-DEAR SIR-I consider it but an act of justice to yourself and the community, to state to you the very great benefit I have received from the use of your Union Pills. Having been for quita a number of years, greatly troubled with dispepsia, and constipation of the bowels; at times alarming me greatly, I used every other remedy, almost that I ever read or head of for the disease, all without the least beneficial effect. I had almost come to the belief, that it was useless to try any more; as I labored under great debility, and my stomach was greatly injured by taking the different Pills, medicine, &c.; but on hearing my neighbors speak so frequently of the beneficial effects of your Union Pills, I concluded to give them a trial, and bought a fifty cents vial, and commenced their use. From the first dose of one Pill I was satisfied it was the medicine for me. I have not yet used quite one vial, and can now say to you with the utmost pleasure, that I have not for the last ten years felt as well, or enjoyed such good health, as I have since commencing the use of your Pills. I would take no sum for the good these Pills have done me, and almost every branch of my family have used them with the same happy effect. At times some of the negroes have had symptoms of fever-at the first complaint I have given them one or two Pills, and never had to repeat the dose but once, which effected a cure. Your other medicines used by my family, have had the most happy effect. I shall always keep a supply of your Pills on hand, and I think that no one, laboring as I have under great debility and dyspepsia, with all their evil consequences, but what would, after a use of your med-

idines, join me in saying the same of then Respectfully W W MASTERSON. For Sale at the Drug Stores of ZIMERMAN, T. WELLS, BEECH, FLEMMING & CO., and BOURNE'S

DR. MITCHELL, Indian Botanic Doctor, Office on Market street, third door from the Square, East side-Sign of the Indian.

NASHVILLE, May 1, 1851. To the Editors of the Nashville Union: Gentlemen, - By sublishing the following you will much oblige me and confe a favor on suffering humanity. It is but justice to the pub-lic that the virtues of Mitchell's Indian Rheumatic Extract should be made familiarly known 'o every one, and particularly to those afflicted with that painful disease called Kheumatism. I have been suffering with that disease for the last two years. I have applied to numerous physicians, also tried various remedies, recommended to cure it, but only found temporary relief and almost in despair of ever getting en-tirely cured; but hearing of Mitchell's Indian Rheumatic Extract, for sometime, I was not willing to try it, as I have spent so much money, and all to no purpose; but noticing a card in your paper of Dr. Mitchell's arrival here, I sent for him, when he called on me and assured me he would effect a cure; also satisfied me by certificates from highly respectable persons in Louisville, some of whom are personally known to me, that got well by the use of his Extract, which induced me to give it a trial; and I take pleasure in stating, that after the use of two bottles I am entirely relieved. Believing it a duty incumbent upon me to recommend in the strengest terms

ANOTHER IMPORTANT CURE BY MITCHELL'S INDIANEXTE & CT. EDGEFERD, (near Nushville,) May 9, 1851. Dr. J. Mitchell: Dear Sir,-I take pleasure in stating to you, and for the benefit of the public, that my brother, (a lad of lifteen years,) who has been afflicted with the libeumatism, for some time, in one of his knees and back, and having tried various remedies, all of which had heretofore proved uscless, I was almost in despuir that he ever would be anything but a cripple for the rest of his life, as the leaders of his knee were drown. But hearing that Mr. McIntosh, an old resident of Nashville, had been cured by the use of your Extract, induced me to try it for my brother, and to my great astonishment, by the use of one bottle he has regained the use of his limbs, and is entirely free of all pain. I, therefore, feel in duty bound, after having tested a medicine which must be of so much use to those afflicted with this rain-

ful disease, to, unsolicited, publicly recommend it as a certain cure. Respectfully, yours, O. D. WALLING. N. B. Persons wishing to confer with me, can by calling at my residence, Spring street, Edgefield, Tenn

DAVIDSON COUNTY, Tenn., July 5, 1851. Dr. J. Mitchell: Dear Sir, -I feel it my duty to acknowldge to the afflicted, the benefit I have received from your Indian Rheumatic Extracts. I have been suffering with Rheumatism in my hips for some time. I was under the treatment of a physician considered a good one, who told me that he could not effect a cure on me. Hearing of your Extract effecting so many cures in the city of Nashville, induced me to try it; and I take pleasure in stating that the use of one bottle of your Extract has given me great relief. I consider it a very valuable remedy for what it is recommended, particularly for Rheumatism. D. BRINKLEY.

Yours, respectfully,

NASHVILLE, Tenn., July 81, 1851. To the Editors of the Union: Deeming it my duty to the public and especially to those afflicted with Rheumatism, that have been relieved by Mitchell's Indian Rheumatic Extract. I have been afflicted for a number of years, and applied to a number of physicians for relief, but in vain. I also tried different remedies recommended for Rheumatism, but found them all to be humbugs. Hearing of Dr. Mitchell's Indian Rheumatic Extract, I called on the Doctor, and he assured me I could be cured. Having spent so much money and found no relief, I concluded to be humbingged no more. I told the Doctor I would give him a certain sum if he would effect a cure. The Doctor took my case and furnished me with medicines: I followed his directions; and I am now happy to state, after the use of two bottles of his extract, and two of his blood purifying remedy, I am entirely relieved. As an act of justice to Dr. Mitchell, I take this method of recommending it to those who are similarly afflicted, as a certain remedy for Rheumatism.

Yours, respectfully, LINCOLN COUNTY, Tenn., May 2, 1852. To all afflicted with Rheumatism, the most painful and annoying of diseases in the whole catalogue of human suffering, I would say, apply to Dr. Mitchell, or his Agents, for some of his invaluable Indian Rheumatic Extract, and I venture to assert you will not be humbugged but find relief from your sufferings. There is a great aversion to Patent Medicines by the public generally, as they have been so often deceived; but this invaluable remedy is worthy a trial, and has, so far, proved effectual whenever tried. I will give a brief statement of my case, that those who have been

ong afflicted may not yet despond while Dr. Mitchell sur-Having been afflicted with the worst of maladies for more than six years, being confined to my room a great portion of the time, and unable to lie by day or night-my joints stiffened, my muscles partially ossified, and so much enaciated as to seem more like an inhabitant of another world than this. Having tried every Physician of any note of whom I could hear, all proved unsuccessful. I had entirely despaired of recovery, expecting to spend (not enjoy) the life of the invalid, when I chanced to see an account of the wonderful cures effected by Dr. Mitchell's Indian Rheumatic Extract, I resolved to give it a fair trial, as I had all other Physicians who tried my case, notwithstanding it was a patent medicine, in which I could exercise no very strong faith: when to my great surprise and satisfaction, before using it more than the short space of one month, it has been so far arrested in its ravages upon my system that I can almost ven-ture to assert, though of long standing, that it is entirely expelled from its strong hold, though apparently so well fortified. Less than one month is a short time to route an enemy which has been solely engaged in erecting fortifications for near seven years, I can say to the afflicted try for yourselves if you wish to be in the vigor and full bloom of health
